Tonight's Game.
Buckeye vs. A. P. Hess.

The old record for playing fast ball was broken last night when the Midland Shoe team beat the Wehrles, 3 to 2, in an hour and seven minutes of play.

The shoe men's errorless fielding contributed very largely to the downfall of the stove men.

Keck was again issued a membership in the "D. S. O." and along with him went Wright and Franklin.

Daving, twirling for Midland, struck out 12 men, walked one, and allowed five hits. Meade, on the mound for Wehrles, struck out seven, walked two, and gave four hits.

Wehrles' only tallies came in the second inning. Valentine scored on Gilmore's single, and Gilmore registered on House's lone bingle.

The second inning proved a big one for both teams. Lautenschlager got on base on an error and scored easily on Bolecky's home run to right field. Honning brought in the other score for the shoe men in the third frame when Myer singled. In the fourth, with three on and two down, the Midland team had another grand chance to chalk up but Hahler fanned.

Beginning with Friday of this week the Twilight league games will start at 6 o'clock. This is necessary on account of the early darkness.

PROF. ODEBRECHT LEAVES DENISON

Is Made Head of French Department at Butler College—Granville News.

(Special to the Advocate.)
Granville, July 30.—Granville friends have received news of the promotion with increased salary of Prof. August Odebrecht, assistant professor of French in Denison, to the head of the French department in Butler College, Indianapolis, Ind., a position which he has accepted. Prof. Odebrecht with his wife and son have spent the past several summers in special study in the University of Chicago, and it was during his stay there this summer that the offer was made of this important position. Prof. Odebrecht is one of the most successful and popular teachers in Denison, being French on his maternal side and wholly French by sentiment and principle. His accent is perfect as he has been obliged to speak his mother tongue from infancy. Both Professor and Mrs. Odebrecht will be missed in the village, in school, church and social circles.

Everything will be in readiness by Friday, August 1st for the opening of the Baptist Assembly in Granville and everything indicates one of the most successful events ever held. While the day time sessions of the assembly will be held on the Denison Campus, the chautauque attractions may be enjoyed in comfort in the large auditorium of the Baptist church.

Charles J. Wright has gone to Mackinac to enjoy a fortnight's vacation.

The regular meeting of the Granville Grange is announced for Friday evening, August 1, in Odd Fellows Hall.

An inquiry from a woman yesterday who desired some legal swearing done, and who could not locate neither Dorsey nor Bert Nichol, brought out the fact that Harry Pierce, assistant cashier of the Granville Bank, is a notary public.

Mrs. Charles Lucas, who has spent much time with her mother, Mrs. Margaret Holdeman at Watonomo Plains, during the period of Major Lucas' war service, is preparing to return to Louisville Ky. in a few days.

Some time in August or September on the return of Mr. and Mrs. E. J. Dorsey from the east, their son Will Dorsey of Los Angeles, Cal., with Mrs. Dorsey and three children will arrive in Granville for a visit, en route to the east where they will place their eldest son Louis in Harvard University.

Miss Grace Chamberlin librarian of the Granville Public Library, is taking a fortnight's vacation, and Miss Marie Young is acting in her place.

Weather conditions during the past week have been favorable to the farmers of the Granville community and the wheat is being threshed with satisfactory promptness and dispatch, while tons of hay are being stacked and mowed.

ADVERTISING ON POLES FORBIDDEN

Mayor H. A. Alderton is asking the co-operation of advertisers about the city to help in keeping the town neat in appearance by not tacking advertising on the various poles and buildings about the city.

He quotes an ordinance which says that "to fasten or cause to be fastened nailed or posted upon public building structure tree or pole along the line of any street, alley or public place within said city, any bill or advertisement of any kind is misdemeanor."

The mayor stated today that these advertisements are unsightly and will not be permitted.

CONVERSATION BY THE MILLION

Over twenty million conversations on business and family topics are carried over the lines of this company every year. This habit of using the telephone has grown faster than the population.

This volume of traffic could not be carried unless the lines were kept in order, the instruments were accurate in adjustment and free from disorder, and the complicated switch board and its thousands of parts were at all times ready to respond to the call of the subscriber. It costs more than \$50,000 per year to maintain lines, instruments and switch boards to carry these twenty million conversations about the city, two years ago it cost about \$40,000.

SHANTUNG.
China ceded to Germany in 1898 certain rights in Shantung. Japan, after entering the war, drove Germany out and China by separate agreement, ceded the German right to Japan. The Japanese are in Shantung and were there before the league of nations was proposed and treaties with France, England and Italy recognized the Japanese position. The league, while not able to get Japan to give up Shantung rights, has secured Japan's promise to yield them in the future.
Any position taken by the United States that will attempt to force Japan to relinquish Shantung will drive Japan out of the league and China, thus unprotected, becomes again the prey of the great powers. There has been much misrepresentation concerning Shantung in the press and in the senate. Fairminded men while preferring to have Japan cede Shantung back to China, realize that the case is not one of sufficient seriousness to cause the overthrow of the league. In fact that league is the only opportunity for restoring to China, that which she ceded to Germany twenty years ago and for protecting the rest of the celestial empire.
Should Governor Cox in the food probe campaign he has launched find it necessary to summon the legislature to cope with the profiteers, we will witness an interesting situation in that he will have to get the Republican presiding officers of the legislature to call the session for him. And no matter how great the need, the legislature cannot be assembled without the approval of those officers, for the legislature in playing its game of pretty politics, so decreed it. Setting the constitution aside to get a crack at the governor may prove to be a boomerang, to the esteemed legislature majority.

Spirit of the Press
Another Waif on the Doorstep.
One of the strangest pieces of news which has reached this country in a long time is that the plebiscite in Upper Silesia, ordered by the peace conference, is likely to result in a demand that it be made a colony of the United States. But the United States has enough step-children on hand at present. Here are our little brown brothers in the Philippines demanding immediate and unconditional independence. We are also asked to fight Great Britain to make Ireland free, and the Portoricians think that nothing less than independence will keep them from taking up arms. If all demands made on the United States just now were granted it would consume every bit of our accumulated wealth and mortgage the country for a hundred years to come. Our advantage would be that we should have made the world rich at our own expense and that idealism would be justified. It isn't worth the price.—Philadelphia Bulletin.
Lloyd George as a Party.
The effects of coalition in Great Britain has been to awaken the ordinary functions of the existing political parties and to loosen all party ties. In such a case, in any country, what happens? Personal animosities are magnified, and personal strength counts as against party strength. In Great Britain we find the proof of this in the practical appearance of every name in connection with the government, except the name of Lloyd George, and it is not surprising to hear that the coalition taken among the English politicians to organize a new party in which Mr. George will be practically the whole thing.—Boston Transcript.

Licking County's War Organization About to Enter Its Last Campaign

Five hundred men, constituting the Licking County War Work Organization, will receive their honorable discharge from service at a great meeting in Masonic Temple at Newark on Thursday evening, August 14th. At that time each man will receive a handsomely engraved certificate testifying to the patriotic service rendered. This presentation will come at the conclusion of a three-day War Savings Stamp drive—the last great work to be undertaken by the organization.

The eight division leaders in Newark and the twenty-six township chairmen are now forming their lines for the campaign, which opens Monday evening, August 11, and continues for three days. The organization committee, one hundred per cent strong, is now at work and is reporting enthusiastic progress.

The fact that Licking county is now leading every other county in Ohio in W. S. S. sales and the further fact that in James G. Cooper Licking county has the champion War Savings Stamp salesman of America, are proving to be an incentive for intensive effort. Licking county has the opportunity to perpetuate its name and establish nation-wide prominence by winning the Victory Shaft which will be awarded

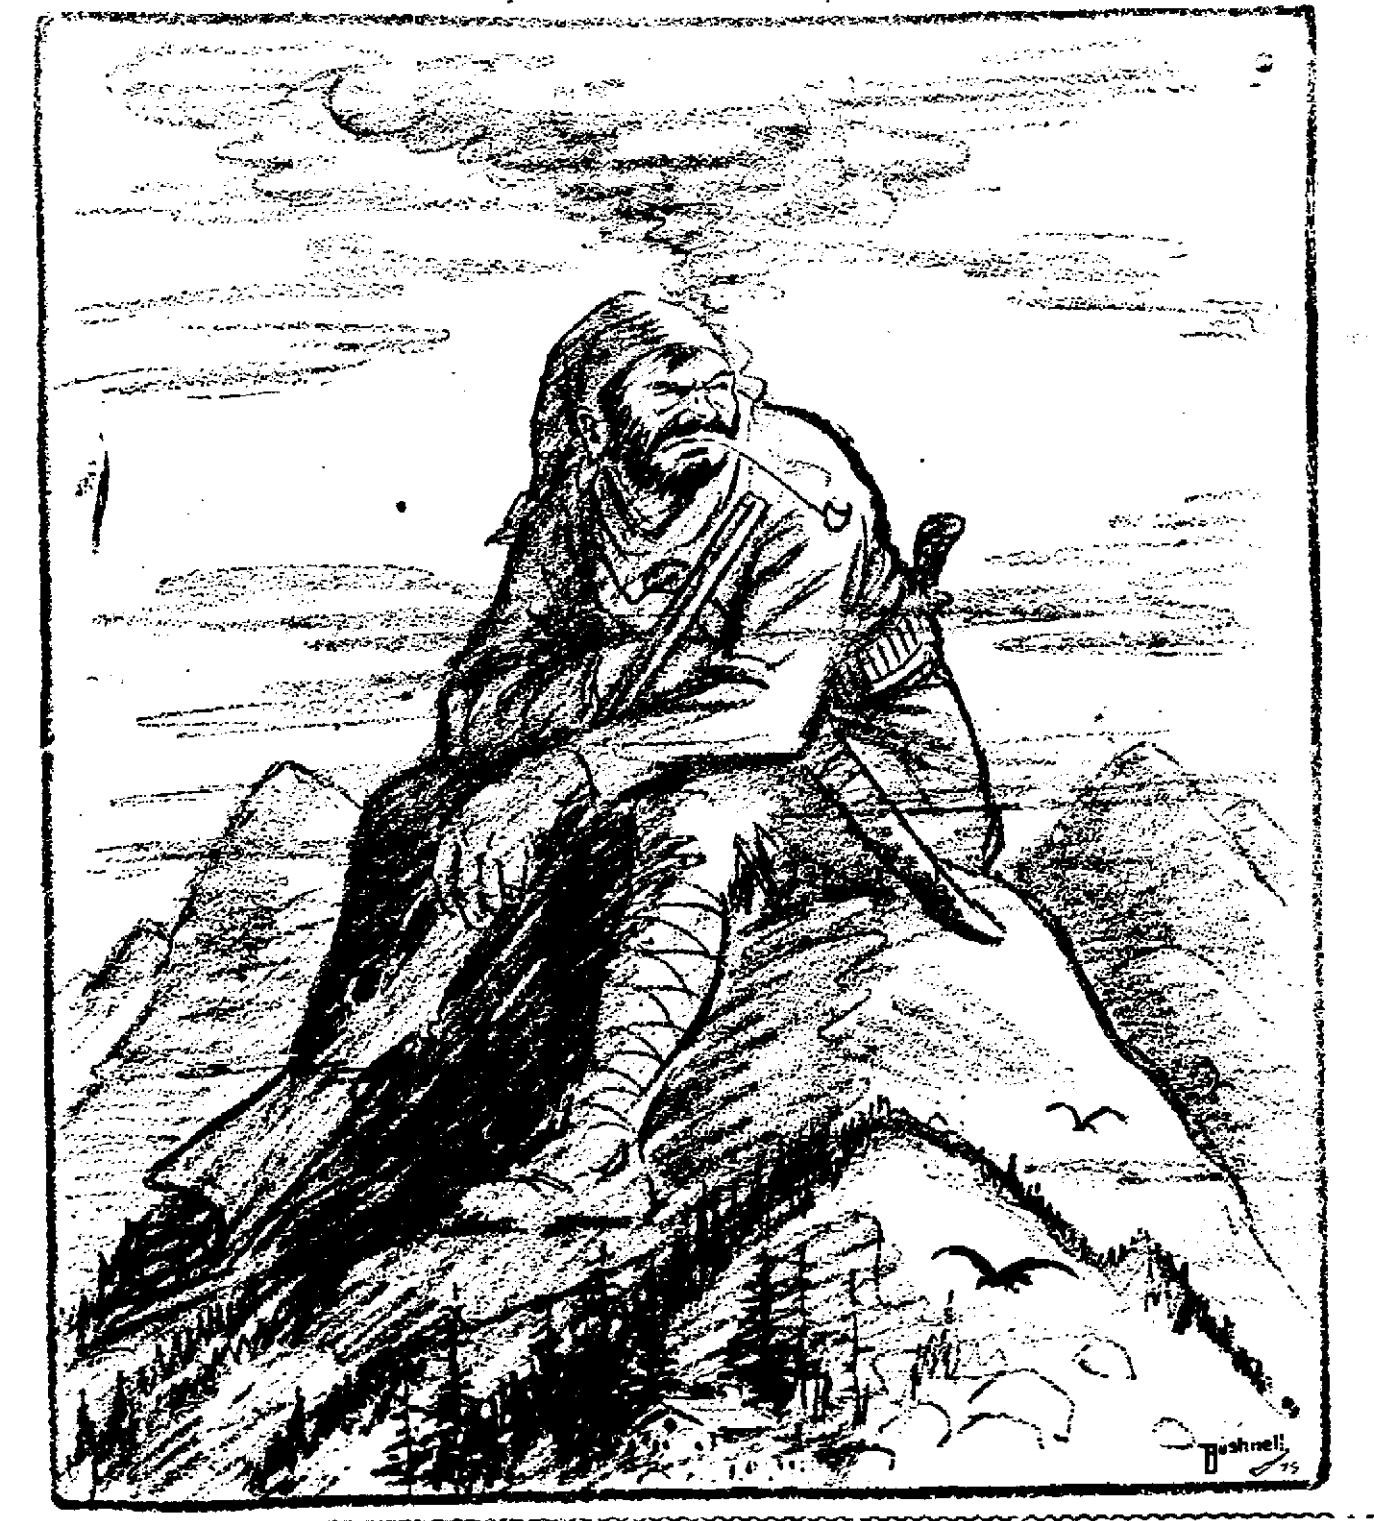

to the county selling the largest percentage of its W. S. S. quota within 90 days ending September 1. Licking is leading with the race two-thirds finished.

Only one shaft will be awarded, and it goes to a county in Ohio. It is a \$10,000 gift from the Barre (Vt.) Granite Manufacturers Association.

In the War Chest campaign, in last year's W. S. S. drive and in the Third, Fourth and Fifth Liberty Bond campaigns the War Organization of this county scored 100 per cent. No other county in Ohio has a war organization that can be compared with that of Licking county. Having made such a splendid record in all work undertaken, the organization is now about to enter the final drive, filled with determination to win and enthused with the prospect of bringing to Licking county a lasting memorial, national recognition, and helping to make a Licking county man the world's champion War Savings Stamp salesman.

Licking county is now leading. Let's keep our county in the lead. Let's pull together, buy all of the W. S. S. we possibly can, urge our friends to buy and win this great honor for our county. It can be done.

A NEWARK LADY'S SKIN WAS YELLOW LIKE A PUMPKIN

Was Very Bilious, Had Indigestion, Badly Constipated, Stomach in Terrible Condition.

Relieved by Drecto.

"I think all my trouble came from my liver and stomach, for since I've gotten them alright, my whole system seems better," said Mrs. Laura Dickey of 133 1/2 Howard street, Newark, O. "I was so bilious, that my skin was very yellow, like a pumpkin, and had a rough feeling. My stomach was disordered and after eating I'd feel bloated and become very nervous. My bowels were constipated and I had to take medicine nearly every night to keep them active. I had no energy, but dragged around tired and sluggish all the time.

"I have been taking Drecto now for some time and my skin has cleared up, the roughness disappeared, bowels acted regularly without the medicine I used to take, never have a headache, sleep sound, and have a big appetite. No matter how much I eat, my stomach is strong enough to digest it without having that uncomfortable feeling as formerly—I think Drecto is a grand medicine and strongly recommend it to everyone.

Any remedy that restores the natural functions of the human body, is a health-making remedy. The use of Drecto, the great herb medicine, tends to restore the appetite, to procure natural digestion which is followed by an invigorated circulation and nutrition of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once by taking Drecto as they themselves declare in signed testimonials.

Drecto is made from the juices of twelve different herbs, roots, barks and berries, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headache, gas on the stomach and other troubles.

Mr. Powers, the well known Drecto expert, has headquarters at Evans' Cut Rate Store to meet the local public and explain the merits of this great remedy. See him today. Adv.

A pretty wedding took place this morning at nine o'clock in the Central Church of Christ when Miss Emily Annis Hall was united in marriage to Don Carlton Stinkins.

Before the ceremony Mrs. Helen C. Stinkins sang "I Love You Truly." The wedding march was played by the Misses Reva Burrell and Martha Murschütz. Only the relatives and a few friends were present.

The church was decorated with palms and ferns. The bride wore a gown of white georgette with a hat to match and she carried bride's roses. Mr. and Mrs. Stinkins left immediately for Cleveland, Niagara Falls and a few points in east.

POST TOASTIES

WHO COULD MISS THOSE EYES?

Pity the poor movie star who attempts anonymity! If there is anybody who doesn't recognize immediately the flashing eyes of Dorothy Gish let him be marked as a man who does not know much about the screen. "If such there be, go mark him well." In a recent Paramount picture Miss Gish was taking the role of a slave. The studio bootblack was watching the scene. "Good Lawd!" he finally burst

out. "Nobody in de world never blacked no shoes thataway." Whereupon the director retired momentarily, while the negro assumed charge of the situation. Within five minutes Dorothy had mastered the 1919 way of shining shoes, and now, she says triumphantly, she has something to fall back upon if she falls in the "movies." Her most recent film is "Peppy Polly," a Paramount picture, which is pretty good alliteration, say we.

the home of Harry Swisher in Hudson avenue. On the committee in charge were Messrs: Hollander, Alban and Mitchell. About 220 were present. A buffet luncheon was served at 6.30 and the evening was spent over games and contests for the children in charge of Prof. Barnes. This was a second of the series of picnics given the last Tuesday in the month.

NO INSTRUCTIONS TO CUT TELEGRAPH RATES

The local office of the Western Union Telegraph company has received no instructions as yet regarding a change of rates placing them on the pre-war basis. Neither has the office received directions regarding its conduct when federal control ceases tomorrow. Manager R. M. Rhodes is out of the city attending a managers' meeting at Cincinnati. The old rates will prevail owing to the fact that telegraph companies failed to file with the public utilities commission the increased Burlington rates, the law requiring that new rates schedules must be filed at least 30 days before going into effect. The pre-war charge was 25 cents for ten words within the state.

Milady's Boudoir
Summer Time Hair.
The hair in summer needs a special form of treatment to retain its beauty. It must be kept scrupulously clean, a shampoo being necessary much oftener than in the winter. A shampoo once a week, or at the longest once every ten days, is not any too often in the summer months.

The very best sort of a shampoo is one made from the yolk of an egg. Soap should never be applied directly to the scalp. It irritates the skin and makes the hair harsh. When it is used at all it should be shaved fine and held in soft water until it forms a liquid of the consistency of soft jelly. But an egg shampoo is more satisfactory as a summer wash for the head. Where there is dandruff it is especially beneficial.

When the egg shampoo is employed the yolk should be beaten stiff with an egg beater and a pint of warm, soft water added gradually. It should be applied at once and rinsed off with warm water in which a moderate amount of castile soap has been dissolved. If dandruff is particularly bad, add six drops of chloroform to the egg mixture and the effect will be found very beneficial.

After the shampoo, dry in the hot sun if possible. This will do much to give the hair a glossy appearance and will be of great benefit to the scalp. If it is impossible to dry it in the sun, use towels and a fan. The method of drying by hot air employed in many beauty shops is very bad for the scalp. After the shampoo the hair should be curled and a good bit of brilliantine applied. This will take away that fly-away look so dreaded by the woman who loves to make a neat appearance. A net, carefully put on, is another great aid to tidiness in the summer.

Our Boys and Girls
Interfering in a dispute between the children, the parent should not assume that all are equally to blame, nor should punishment for participation in a quarrel be administered equally to all. Parties to a quarrel are seldom equally at fault. When their tempers have subsided the truth will more easily be brought out by investigation.

The child who develops the bullying, nagging or teasing propensity should not be allowed to exercise it on younger members of the family. A proper punishment for such a child is isolation. A quiet talk from the father or mother, showing the offender that it is not manly or noble or brave to use one's strength or superior intelligence to make small people unhappy, will usually be effective. After a period of loneliness and reflection the bully will want to contribute his share to the common happiness.

Every Day Etiquette
What is the proper form for an announcement of engagement to marry? asked Lou.
If the parents make the announcement it would read: Mr. and Mrs. S. P. M. announce the engagement of their daughter A. to Mr. L. M. P. of New York, answered her married friend.

Famo Must Grow Hair or Money is Returned

FAMO is sold by the druggist named in this advertisement, on a positive money-back basis. Unless you are absolutely satisfied with FAMO, you may return the bottle to the druggist and he will refund your money. But we know you will not have to take advantage of this offer. The results achieved by FAMO are so wonderful that every purchaser is more than satisfied. FAMO destroys the dandruff bacilli. It stops all scalp itching. It checks the deadly seborrheic excretion which causes dandruff and makes the hair and scalp healthy. There has never been anything like the way FAMO nourishes the hair. Even where baldness has appeared, FAMO will encourage and stimulate a growth of new hair—unless the roots are absolutely dead. New, luxuriant hair appears when FAMO is used regularly. When FAMO is used, the seborrheic microbe dies. The dandruff disappears. Nature has its way. The hair flourishes as it never did before. Grayness is retarded because FAMO contains no alcohol. The persistent use of alcohol on the head causes grayness and falling hair. When you use FAMO you can see the difference almost from the first application. The natural color is intensified—the hair has a new lustre and sheen. The hair grows like the hair of a healthy child. The scalp is as clean as a baby's—the hair luxuriant and soft. FAMO is the result of three years of careful experimentation in the laboratories of one of the oldest pharmaceutical houses in Detroit. Before it was offered to the public, it had been tried and tested and had proven the wonderful results it accomplishes. FAMO is the answer of scientists to the ravages of the seborrheic bacilli which cause unhealthy hair. Even if dandruff has not made its appearance, you should use FAMO to keep the scalp and hair healthy and make the hair fluffy and beautiful. FAMO comes in two sizes—\$5 cents and an extra large bottle at \$1.00. It is sold at all toilet goods counters. Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic secretion forms in scales and crusts and is commonly known as dandruff. Mfd. by The Famo Co., Detroit, Mich. Erman's Arcade Drug Store Special Famo Agents.

ASK IN UNCTION AGAINST PAVING

East Main Street Residents Want Brick Instead of Asphalt Paving.

George Fromholtz and Wm. M. Shump, residents of East Main street, have filed a petition in court this afternoon asking for an injunction against the improving of East Main street by the laying of asphalt, contending that it is too expensive for the taxpayer who must assume the burden of cost. Instead, they ask that the city use the old foundation and pave with brick. The injunction is against the Baltimore & Ohio railroad crossing to Cedar street, and the contract has been awarded the Federal Asphalt company.

Wall Street.
New York, July 30.—Stocks derived much of their strength at the outset of today's trading from the favorable quarterly statement issued by the United States corporation after the close of yesterday's session. The initial transaction in United States Steel comprising a block of 4500 shares at an advance of virtually 1 point, related issues were 1 to almost 2 points higher with oil and motors and tobacco supplemented yesterday's gains. There was an active inquiry for rails. Reading and Texas and Pacific displaying especial activity.

Early promise of strength was speedily dissipated, prices breaking sharply before midday. Declines were concurrent with Washington advice that the federal reserve board was again in session and that action to curtail speculative operations might be recommended. Reaction of 2 to 5 points were recorded by leaders, notably United States Steel, Crucible Steel, Mexican Petroleum, Marine common, Atlantic Gulf, American International, American Tobacco, Maxwell, Stutz and General Motors, American Sugar and Industrial Alcohol, standard rails losing 1 to 2 points. Call money opened at 6 to 6 1/2 per cent.

Chicago Grain Review.
Chicago, July 30.—Corn declined in value today largely as a result of scattered rumors and a prospect of more opening prices, which ranged from 5 3/8 to 5 5/8 lower, with September \$1.93 to \$1.86 and December \$1.69 1/2 to \$1.71 followed by moderate rallies from the bottom figures of the initial range. Oats eased down with corn, after opening unchanged to 3-4 off, including September at 80 to 80 1/4-1/2, the market continued to slide.

Provisions were upheld by renewal of strength in the hog market, weakness of grain exercising only temporary bearish influence.

ILLNESS UPSET HIS NERVES AND MADE ARM NUMB

H. L. Martin Tells How Nerv-Worth Did What Doctors Couldn't Do.

"This was a serious case. I looked very bad for that arm. But that was before Mr. Martin banked on the power of Nerv-Worth. Afterwards—but let Mr. Martin tell the story as he did a short time ago to his Zanesville, Ohio, drug-rist."

Zanesville's Drug Store—I met with an accident some time ago which left me in a very nervous condition all over. I tried different doctors and could get no relief. They all said I would probably be troubled all my life.

I read where Nerv-Worth had been helping so many people and decided to try it. The first bottle made me feel better and after taking three bottles THE NERVENESS WAS ALL GONE from my arm and I felt as good as I ever did. I surely recommend Nerv-Worth to anyone suffering from nervous troubles.

Your dollar back if this famous family tonic does not benefit you.

SIX EVENTS AT RACES SUNDAY

Entries From Many Towns and Track Is In Excellent Condition for Race.

Additional entries have been received for the motorcycle races at Moundbuild ers Park next Sunday afternoon and the meeting now promises to be one of the best ever held in Central Ohio. The speed demons promise to hang up some new records on the circular course and riders not only around this city and vicinity are interested but also those from a distance.

Hundreds of riders are expected to witness the different events, there being six, a two, five, two tons and two four mile affairs for side cars and some of the best known riders in the state will participate. The track is being put in excellent condition this week and when the last scraping is made it is expected that it will be fast enough to make some of the best miles ever hung up on a half mile track in Ohio.

Motorcycle racing is creating a great deal of interest all over the country and the prizes offered by the local promoters while attractive are not the chief incentive for the speed demons. It is the love of the game that attracts them and they always enter as many classes as possible, so that a big field may be expected to participate on next Sunday afternoon.

Billy Devine, the local semi-pro, who holds the half mile record on the local track, is entered in several different events and there are two entries from Zanesville, one from Coshocton, one from Lancaster, one from Mt. Vernon and four from Columbus up to date. It will be the largest field of riders seen at a similar meet this season and a record breaking crowd is expected at the track to witness the speed demons endeavor not only to capture the purses but, to hang up new records.

PICKETS ARE SAID TO BE "TOO NOISY"

Toledo, July 20.—Two pickets at the Willis-Overland plant, who were declared to have been "too noisy," were arrested by a United States marshal here today on a charge of violating an injunction issued by Federal Judge John L. Percy Jones, son of the late "Golden Rule" Jones, once mayor of the city, is in charge of the maintenance of order at the plant, which has been the center of labor trouble all summer. Jones complained to the central labor union about the conduct of the pickets, but an order for their removal was ignored.

ROTES WILL PLAY THE KIWANIS

Once more the Rotarians and the Kiwanis club will play baseball. The Kiwanis club has two games to its credit the second being won practically on a technicality, when the score reverted to a previous inning on account of darkness, and failure to finish playing.

This week's game will be played Thursday evening at 5:30 o'clock at the White Athletic field.

IN CASTE OF NEW KREISLER OPERETTA

RIOTING
(Continued From Page 1)
crashed into an automobile filled with men and a fight followed that caused the probable fatal injury of three men, the wounding of several others. The wounded were taken to Providential hospital, a negro institution, and a crowd of white attacked the infirmary, causing damage.
During the rest of the night outbreaks occurred with regularity and although only one fatality was reported from the night's orgy of hatred, the number of severely hurt was greater than for Monday night, probably a dozen suffering fatal hurts.
The whites again seemed to be the more aggressive, the negroes having been converted to peace by saner members of their race, or cowed by the brutal beating sustained by scores.
Owing to the street car strike the comparatively white rioters in the total population could not so handily get together last night and no large mobs invaded the black belt. It was mostly guerrilla warfare, but exceedingly bitter. In some cases men would lie hidden along a boulevard and fire on passing cars occupied by members of the opposite race. In others, a few whites would assault a building, occupied by negroes in the midst of a white neighborhood, dragging forth a victim to a brutal beating. The car strike also helped the negroes as a favorite form of attack on the first night of the disorder was to enter a street car and drag a negro from the vehicle to the street where he was maimed or killed.
The police have collected a veritable arsenal of weapons since the rioting began. Every hour a score or more of negroes are hustled into police stations and relieved of revolvers, daggers and razors. But despite their vigilance, arms and munitions seem to be plentiful.
To start the third day of warfare, Patrolman Walter Sullivan was probably fatally shot by a negro whom he was searching in a vacant lot. As Sullivan fell, his partner John Keas shot the negro dead. During the night 15 other policemen were hit by bullets and one or two may die. According to police figures 15 negroes and 12 whites have been killed since the rioting began. Nearly 1500 negro employees of the city were laid off by official order owing to the riots. Many of the number were employed in street repair work. By official order nine municipal playgrounds in or adjacent to the racial war zone were closed. Not more than five per cent of the negro clerks, inspectors and janitors employed at the city hall reported for work and the greater number of those who did appear were told to go home and stay there until further notice. At the garbage reduction plant only the whites, about one-fourth of the usual force, appeared for work and at the city's asphalt there was an entire absence of men. All city work in the second and third wards, parts of each being in the "black belt" has been suspended.
Negro chauffeurs, clerks and carriers at the postoffice were assured the fullest protection by Postmaster Carville under whose jurisdiction are several hundred negroes.
Coroner Huffman announced today that he had impaneled a jury to investigate all deaths resulting from the riots.
Police reports stated today that during the spasmodic fighting of the night the torch had been applied to 11 houses in the west end of the "black belt." In each instance firemen and policemen had prevented any serious injury to individuals or property.
Stater Attorney Hoyne announced that the August grand jury will investigate the race riots and attempt to fix responsibility for the outbreaks.
Adjutant General Dickson after making a tour of the danger zone early today reported the situation much improved compared with yesterday. One more victim was added to the toll of deaths caused by injuries received in the riots. Berger Odman, white, 21 years old, an employee of the Chicago Telephone company, was shot in the abdomen in a fight with negroes last night, dying this morning.

BEILKS FAVORS RATIFICATION.
Brussels, Thursday, July 26.—The foreign affairs committee of the Belgian chamber of deputies today passed favorably upon the question of the ratification of the peace treaty with Germany.

LUDENDORFF NOW BLAMES THE KAISER

Berlin, Tuesday, July 29.—Responsibility for the crown council's decision in 1917 that Belgium territory must be held was placed upon the former German emperor by General Ludendorff in a communication published today in the Deutsche Tages Zeitung.
General Ludendorff's letter said that great headquarters merely sketched the military situation and stated what measures they believed necessary to protect Germany's west frontier in an economic way. The former German emperor, General Ludendorff said, decided the question and his decision was binding upon military headquarters.
Premier Bauer and Dr. Hermann Mueller, foreign minister, were condemned by General Ludendorff for their statements in the German national assembly at Weimar on Monday criticizing the crown-council's action and making public reports of Field Marshal Hindenburg and General Ludendorff regarding advising the retention and military occupation of the Liege district. General Ludendorff inquired where Dr. Mueller obtained the military information concerning the "great headquarters."

STRIKE RIOT IN CLEVELAND FURNACE STRIKE

Cleveland, July 30.—Stones and clubs were used and a dozen shots were fired this morning in a strike riot at Broadway and East 25th street when 50 strike sympathizers held up an automobile truck loaded with strike breakers bound for the plant of the Central Furnace company and beat and pelted the occupants of the truck. The strike-breakers made no resistance and fled in every direction. No one was wounded in the shooting.
Five hundred men at the Central Furnace plant have been on strike for more than a week and several days ago 300 men of the Newburgh and South Shore railroad went on strike in sympathy. Tying up the railroad resulted in shutting down several plants of the American Steel and Wire company, throwing 2,000 additional men out of work.
